

PRODUCT DATA SHEET

EVERBUILD® 404 Fungicidal Wash

POWERFUL, FAST ACTING FUNGICIDAL WASH

PRODUCT DESCRIPTION

EVERBUILD® 404 Fungicidal Wash is a powerful, fast-acting solution which is effective on most surfaces. It quickly removes fungus and lichen from floors, walls, drives and roofs. It also leaves a residual surface to help prevent further infestation.

USES

- Kills mould and fungal growth caused by damp on internal and external floors and walls.
- Kills mould and fungal growth on roofs prior to coating with bituminous coatings.
- Removes algae, lichen, green slime and fungal growth from patios/drives.

CHARACTERISTICS / ADVANTAGES

- Internal and external use.
- Fast acting.
- Leaves a residual surface to prevent future infestation.
- Powerful formula.

Freezing Point	0°C approx
Active Ingredients	Alkyl (C12-16) Dimethylbenzyl ammonium Chloride (0.99%w/w) 2-Phenylphenol. (0.25% w/w)
Drying Time	1-12 hours from wash-down depending on surface

APPROVALS / STANDARDS

Registered with HSE under "Control of Pesticides Regulations; 1986" (HSE 10400).

PRODUCT INFORMATION

Packaging	1ltr and 5ltr plastic containers
Appearance / Colour	Clear solution
Shelf Life	24 months from date of manufacture when stored according to manufacturers instructions.
Storage Conditions	Store at moderate temperatures in original containers. PROTECT FROM FROST.
Density	1.0 g/cm ³ at 20°C

APPLICATION INFORMATION

Yield	1Ltr will cover approximately 5-10m ² of surface depending on nature of surface
--------------	--

APPLICATION INSTRUCTIONS

APPLICATION

Always read label before use and wear suitable protective equipment. Supplied ready to use. Do not dilute. Remove all surface debris and growth from the area to be treated. Apply by brush or spray at a rate of 1 litre per 5 - 10m² depending on porosity of surface. Leave solution for 20 minutes. Finally, wash down the area with water. Repeat process for badly infested areas. Take care not to allow residues to run directly into fresh watercourses.

LIMITATIONS

- Ready to use - do not dilute
- For use only as specified as a surface biocide.

VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

ECOLOGY, HEALTH AND SAFETY

For information and advice on the safe handling, storage and disposal of chemical products, users shall refer to the most recent Safety Data Sheet (SDS) containing physical, ecological, toxicological and other safety-related data.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
